## YOUR LOCAL CATHOLIC RADIO NETWORK

Dear friends of Catholic radio,

As we enter this beautiful month of January, full of new hopes and aspirations, and yes, even new year resolutions we do so with full faith and confidence in our Lord Jesus Christ. With that being said, **WE NEED YOUR HELP.**

I'm sure that many of you are reading this letter on a smart phone, laptop or personal computer and know that it's essential to keep your device updated and running smoothly. You likely replace or upgrade your devices as needed to maintain safe and reliable service.

Holy Family Radio uses two main computers running 24/7 to broadcast across the 4 different feeds and 5+ stations that are over 10 years old and currently run on Windows 7 software. You may be aware that Microsoft no longer supports Windows 7 and 8, and in October will stop supporting even Windows 10. Many other software producers discontinue supporting products for those computer systems as well.

Although the system we use is currently functional, as it continues to age, we risk hardware and software failures that may not be easily repaired. Since our system is over 10 years old, upgrading to Windows 11 requires both hardware and software upgrades. We were quoted \$9,000 by ENCO (the provider we currently use).

I am looking for a few donors to help us reach our goal of \$9000. This update will help us maintain our broadcasting service for another 10 years.

Please prayerfully consider if you can help us achieve our goal. Any questions, please do not hesitate to call me.

Blessings

Deacon Jim Thorndill  
616-292-0422
