## New Weather Report

Local Weather Forecasts on HFR

Last pledge drive, we added weather reports to our breaks. We wanted to test out how they would be received and also update west Michigan on changing weather conditions.

We've received an overwhelmingly positive response and with the upcoming winter season, we look forward to providing the weather forecasts to keep our listeners informed and safe.

In addition to the weather forecasts, these reports allow Holy Family Radio a unique opportunity for thanking our business underwriters for their support of this weather service and for our station. For more information on this weather service or underwriting, visit our website at [HolyFamilyRadio.net](http://HolyFamilyRadio.net) or call 844-33-RADIO.

## 2016 Coming Quickly

Have you maximized your tax deductions?

As the 2015 fiscal and calendar year comes to a close, many take a second look at their tax liabilities and look for ways to minimize their taxes and maximize their deductions.

We make it convenient and easy for you to make tax deductible contributions to Holy Family Radio throughout the year and at year-end.

- Mail your Year-End Gift, but be sure to have the envelope post-marked on or before December 31, in order to be applied to the 2015 tax year.

Send gifts to:

**Holy Family Radio**  
**2504 Ardmore St. SE**  
**Grand Rapids, Michigan 49506**

- Go to our website [HolyFamilyRadio.net](http://HolyFamilyRadio.net) and make a gift online using your debit or credit card. For year-end gifts, be sure your gift is given by 11:59 p.m. on December 31, 2015.
- Avoid the year-end giving by setting up an automatic one-time, monthly or quarterly withdrawal from your checking account using your bank's online bill pay system. Check with your bank for details.
- A "Gift of Stock" may be right for you. Charitable contributions of appreciated stock give you two income tax advantages. For long-term capital gain property (stock held more than 12 months) the first is a charitable deduction equal to the full fair market value of the gifted property, up to 30 percent of your adjusted gross income. The second advantage of giving stock is that you will also avoid capital gains tax, money you would have to pay if the property was liquidated first. For more information on your specific situation, talk to your financial adviser or tax accountant.
